### 40<sup>th</sup> Aero Warrior Reunion at Talladega Update – October 28<sup>th</sup> thru November 1<sup>st</sup> 2009

The excitement is building as we are a little over two months away from the big event. The event home site is in Alexander City Alabama, about an hour south of the Talladega race track with our hosts, Tim & Pam Wellborn. Here is the latest news.

**Reservations:** If you still need a hotel room, we have a block of rooms at the Willow Point Country Club Condos. Willow Point is about 12 miles south of Alex City. Call Lona at 256-212-1406 and mention Aero Warrior Reunion. Rates are between \$125 and \$150 per night. There also is a new Hampton Inn in Alex City that still has rooms at this writing at \$199 per night. Phone is 256-234-2244. Most of the other hotels (Jameson, Best Western and Comfort Inn) are full unless there is a cancellation.

**Registration:** The event registration form is included in this issue. You should complete that and return to us now. The \$40 general event registration covers your family or party for everything except the Thursday night dinner, Saturday lunch and museum admission, and Sunday race tickets.

**Race Tickets:** Race tickets are ordered direct from Ty Gardner at Talladega Superspeedway at 256-315-4546. Tickets are \$80 plus tax and include the Saturday Truck race and the Sunday Amp Energy 500. Race ticket packages also include a box lunch for Saturday and speedway museum admission. Mention the Aero Warrior Reunion when you call.

**Special Guests:** We are pleased to announce that 1969 Talladega 500 pole sitter Charlie Glotzbach and Dodge driver Neil Castles will be back with us this year in Alexander City. We look forward to seeing them both again. Talladega Superspeedway is working on a number of special guests for their portion of the event. I would expect that Richard Brickhouse who won the 1969 race will be there among others. Invitations have also been sent out to the Spartanburg area, and I hope to have additional guests to announce shortly.

Here is the current event schedule.

**Wednesday – October 28<sup>th</sup>** – Arrival day

**Thursday – October 29<sup>th</sup>** – The event formally kicks off in the afternoon at Russwood, the home of Tim and Pam Wellborn. Cars will be gathered around the house and grounds for a relaxing day of camaraderie as in 2004. A picnic style dinner will be served. This was the highlight of the 2004 event.

**Friday – October 30<sup>th</sup>** - We will gather at the new Wellborn Museum. Tim has refurbished an older car dealership into a showplace. If you were there in 2004, this is the building next to the Sonic drive in. We will display the cars all around the building. For the ladies, there will be a shopping expedition. Noted artists David Snyder and Michael Irvine will also be at the event. Friday evening, there are plans for a Halloween costume party.

**Saturday – October 31<sup>st</sup>** – We will shift gears to the International Motorsports Hall of Fame at Talladega. Cars will display outside the museum and we will take the panoramic photo as in years past. Event guest and drivers roundtable in the museum. Return to Alexander City in the evening.

**Sunday – November 1<sup>st</sup>** - Parade Lap before the Amp Energy Talladega 500 Sprint Cup race. You do not need a race ticket to go on the parade lap.

Our DSAC Aero Warrior Regional Meet and Monster Mopar Car show and Swap is coming up quickly. Just like last year, both the Ford and Mopar Mopar Aero Warriors are welcome to participate.

The event starts on Thursday the 24<sup>th</sup> in Union Missouri. Sherri Evans has local tours planned along with a catered barbeque lunch and a stop at Meramec Caverns.

Friday – September 25<sup>th</sup>: Casual show and picnic at the home of Rich & Judy Bolzenius in Union. Special guest is NASCAR driver Jim Vandiver who will be present for the weekend. Jim drove the #31 Daytona shown at right in 1969 and 1970.

Saturday & Sunday Sept 26 & 27<sup>th</sup> - Monster Mopar show at Gateway Raceway on Saturday and Sunday. Please see the show registration form included in this issue. You must have the form postmarked by September 4<sup>th</sup> which gets you a second event pass for the weekend.

The hotel for in Union for Wednesday and Thursday night is the Super 8. Call 636-583-8808 and rate should be apx. \$65.00 per night. For Friday & Saturday nights, we move to the Doubletree (formerly the Holiday Inn) in Collinsville IL close to Gateway Raceway. 618-345-2800. Ask for the Monster Mopar Block Rate which is \$89.00 per night

### **Aero Warrior Race Car Auction Coming Up**

RM Auctions will be selling two Aero Warrior stock cars coming up September 25 at their Icons of Speed & Style auction held at the Peterson Museum in California. The cars are from the Ralph Whitworth Collection. Mr. Whitworth in recent years assembled a mind numbing assortment of American performance cars for a proposed museum in Winnemucca Nevada. The museum is apparently not going to happen and the cars are up for sale.

The Daytona is the #6 Cotton Owens / Buddy Baker Daytona that was displayed for many years in the Darlington Raceway Museum. This car was seen at the major auto shows in the Dodge booth in 1970. Cotton Owens took possession of the car from the Darlington museum a few years ago. He got the car running with a minimum of effort, and eventually it sold on Ebay, ending up in the Whitworth collection. It is an extremely original car, and as about close as you can get to a new old stock race Daytona.

Also in the auction is the Spoiler II formerly owned by John Craft. John built this car as a tribute to the Wood Brothers #21 car. It is a genuine old 1969 Cyclone race car that has a Tom Pistone chassis with a Holman-Moody front clip and other H-M components. It was originally built for a customer who intended to race it in the NASCAR Sportsman series. It was raced very little and retired. Craft bought the car and ultimately restored it as an accurate Spoiler II replica with a race Boss 429 engine. No other Spoiler II race cars exist in their original sheet metal.

A few of the other significant cars in the collection include the Dodge Deora show car, the Little Red Wagon wheelstander, a Jungle Jim 1969 Chevy Nova Funny Car, several Ed Roth cars, and an Ohio George Montgomery car hauler and race car.

For more information, you can see the photos of these cars at [www.rmauctions.com](http://www.rmauctions.com) and click on the Icons of Speed & Style link.

Dan Schwark of Fond du Lac Wisconsin has been making progress on his Superbird convertible. Dan tells us that the car started out here in Wisconsin as a 1970 Satellite convertible with a purple Superbird Wing and the regular 1970 Satellite front end.

Dan says, "I remember seeing it at the Dodge Country Show in the early 1990s and thought it was a cool car. My friend John from Oklahoma found the car for sale on Moparts.com. I was never lucky enough to put a deal together on a real Superbird so I purchased the car from Santa Cruz CA in Sept 2002. I am the probably the only guy who drives to California to buy a Wisconsin car.

"Aside from the wing, all the rest of the parts are Ted Janak parts. I went through a bodyshop who did more harm than good. I ended up taking it to Tony Thomas at Pro Street Automotive in Mayville, Wisconsin. He did an amazing job on the Limelight paint! He replaced both quarter panels, trunk floor, wheel housings, etc. "I got the car back from the body shop this spring and my friend Rick Amrstrong is now doing the reassembly. With work and two young children, my free time is zero. The car will be running and driving momentarily and will be completed soon. I am excited about driving and enjoying the car. I won't stop no matter what until the car is done! If anyone out there knows any info about the 1st owner in Wisconsin, I would love to talk to them." Dan Schwark 920-960-9079

**New Member Doug White** from Jackson Mississippi is the owner of this freshly restored Vitamin C Orange Superbird. As a boy, your editor saw this car at the Second National Wing Car Meet at Talladega in custom red white and blue. It remained this way until just recently having been put through a nut and bolt reference quality restoration.

Doug White operates a first class collision repair business, and the restoration work on the Superbird was performed by his employee and DSAC member Justin Cornette. Now I want to tell you that the car did not look too bad condition-wise in its old paint job. But as Justin dug into the car, it was pretty rough underneath. A complete nut and bolt restoration has just been finished and the car looks spectacular. Justin started on the car part time in the spring of 2008 and has been working on it full time since October of 2008. The car just made its debut at the Mopar Nationals. It's a 440 with a Six Pack. Justin is now working on restoring Doug's second Superbird, a Tor-Red car which will be more of a driver car to enjoy. It's all in pieces now and being worked on. If you'd like to see the photos on how these cars have transformed, you can check them out on the DodgeCharger.com Aero Car Message Board.

**More Members Cars** - Wayne Perkins has been a busy guy of late with four cars being worked on at the same time. Wayne is lucky enough to own each of the five Aero Warrior cars. His Superbird is being restored by Curt Lawson in Minnesota. His Charger 500 was painted this spring, and his Spoiler II is now in the paint booth. An unexpected challenge was having a deer jump out in front of Wayne's #99 Hemi Daytona about a month ago on the way to a show. Believe it or not, this is the second time Wayne has hit a deer with a Daytona. Years ago, his silver Daytona tangled with a critter. Fortunately, the latest encounter was not as bad, and the Daytona suffered mild damage to the nose cone and needs a replacement headlight door. At a recent car show, Wayne's friends placed the stuffed deer under the nose cone as a joke. Currently, the nose cone has been pulled off the car and being massaged. Ted Janak has supplied a new headlight door and the car should be back on the road soon.

Wayne's Cyclone Spoiler II is a Cale Yarborough Special. The body is in pretty good condition and it's currently stripped for repaint. Below you can see the details of how a Talladega or Spoiler II fender is put together with both a vertical seam where the cap is attached and a horizontal seam near the top edge of the fender.

Wayne's Charger 500 was in the paint shop just before the Cyclone. This one is a 440, automatic car, white with a red interior. The hood on the car has a six pack scoop, but Wayne also had the stock hood painted at the same time.

Wayne's body guy works pretty fast. The 500 needed rear quarters, a trunk floor and work to the window plug. The body man is an expert on second generation Chargers and had the metal work done in about a week. Now that is not messing around.

Wayne is picking up the 500 in the photo at right, and it's all set to be reassembled. Good luck in all your projects Wayne!

When Men Were Men: A.J. Foyt poses by his Jack Bowsher prepared Talladega at the Milwaukee Mile in 1971. Jack can be seen at the rear of the car with the Goodyear logo on his uniform. Bowsher's cars were supported by the Ford factory in USAC racing and were ultra sanitary. In the bottom photo, Roger McCluskey works through turn three at the Milwaukee Mile in 1972. Incredibly, Roger can be seen with a lit cigarette in his mouth. Crew man Jerry Kulwicki (Alan's dad) would have the lit cigarette ready on a pit stop and Roger is probably playing catch-up on his out lap. McCluskey photo by Joe Stawicki Joe has several nice USAC aero car photos available and can be contacted by phone at 414-476-0398 or email at joestawicki@sbcglobal.net
