2009 Member Renewals are Due

It's membership renewal time. 2009 membership dues remain at \$20 or \$22 outside the U.S. Club dues run on a calendar year basis from January to December each year. Check your mailing label. You can tell if you need to renew your membership by looking at your mailing label on the back of this issue. If at the top, it says "08", you are due for renewal. If it says "09", you have already paid for the upcoming year. The membership renewal form is on the inside of the back cover. If you outside the U.S. please use Pay Pal (send to paydsac@hotmail.com) or send check/money order in U.S. funds drawn on a U.S. bank. Call or email if you have questions. If you've just joined the club recently, your 2009 dues are already paid. Also, if you would like to renew for two years, please do so now as there will probably be a small dues increase for 2010.

Here is the event schedule. **Wednesday – October 28th** – Arrival day

Thursday – October 29th – The event formally kicks off in the afternoon – at Russwood, the home of Tim and Pam Wellborn. Cars will be gathered around the house and grounds for a relaxing day of camaraderie as in 2004. A picnic style dinner will be served. This was the highlight of the 2004 event.

Friday – October 30th - We will gather at the new Wellborn Museum with special guest Dennis Gage of "My Classic Car". They will be filming. Tim has refurbished an older car dealership into a 1970 Chrysler dealership. If you were there in 2004, this is the building next to the Sonic drive in. We will display the cars all around the building. For the ladies, there will be a shopping expedition. Noted artists David Snyder and Michael Irvine will also be at the event. Friday evening, there are plans for a Halloween costume party.

Saturday – October 31st – We will shift gears to the International Motorsports Hall of Fame at Talladega. Cars will display outside the museum and we will take the panoramic photo as in years past.

Event guest and drivers roundtable in the museum. Return to Alexander City in the evening.

Sunday – November 1st - Parade Lap before the Amp Energy Talladega 500 Sprint Cup race.

St Louis National Meet Report – More From the Show Field

3

We're back on the show field Saturday at Gateway Raceway. This clean Spoiler II Dan Gurney Special is owned by Greg Scott of Texas. I like that front spoiler too. Greg has his choice of the Spoiler or his B5 Blue Superbird. Vitamin-C Orange Birds are pretty scarce in the field. This fine example is owned by Don Bish from Indiana.

Saturday afternoon, this super clean Charger 500 rolled in to the show. It's owned by Larry Fleming of Franklin Kentucky. It's F8 dark green with a 440 and automatic. It was nice to see several 500's at the meet. At right is the beautiful F6 green Daytona of Bill Hoehn. Bill is one of the few remaining original owners out there. This one has a 440, with a white interior and an automatic trans.

We had a strong showing of Talladegas at the meet. The Wimbledon White example is owned by Richard and Katrina Fleener, one of several Aero Fords that they own. Their car was awarded second place in the judged Aero Ford class. Check them out and some other aero car friends at their website, legendarycollectorcars.com At right is the blue Talladega of Carl Sharp of Indianapolis. Carl recently completed an extensive restoration on this car. Let me tell you, it has sure come a long way.

Mike Borkowski owns this 440 4-speed Superbird. Mike bought it new, and with just 26,000 miles it still has nearly all original paint. With mags and vintage pinstriping, this car screams 1971. At right, if it weren't for bad luck, Stuart Sutton of Overland Park Kansas would have no luck as his freshly rebuilt 440 spun a bearing at the meet. We're pleased to report that the car is running again, and he hopes for better luck this season with the "Birdable". Wayne Perkins came to the rescue with the rollback.

I think there are few things prettier than a lineup of these aero cars all mixed together. Here we are getting ready to go onto the race track for our laps on Saturday. At left is the Fleener's Talladega and the Petty Blue Superbird of Jim & Kathy Wurstur. In the right photo, we're just pulling out from the infield onto the track surface.

At left, it almost looks like a pace lap from 1970. At right, "And they're off" headed down the backstretch at Gateway Raceway. Brent Evans in the red Daytona leads Chuck Porter is in the Limelight Superbird.

More track lapping fun. The pace truck is out in front leading us at about 60 mph. At right is the ex-Benny Parsons Torino of Barry Miller flanked by Rich & Judy Bolzenius in the yellow Six Pack Superbird.

5

At left, more track action with Scott Faulkner's B5 Blue Superbird leading. At right, our special guests from left to right, K & K Insurance crew member Harry Lee Hyde, Slick Owens, formerly of Holman-Moody and driver Charlie Glotzbach, winner of four NASCAR Grand National races. It was a real pleasure to have all three of these men with us and we thank them for coming.

Harry Lee Hyde brought this neat old bag of goodies to share. The satchel belonged to his father, Harry Hyde. As you may know, Harry was the crew chief on the K & K Dodges, and later on the Hendrick Chevy's of Tim Richmond. It contained all kinds of neat letters and correspondence between himself and Bill France of NASCAR. It was kind of like looking in a time capsule.

This yellow Daytona is owned by Dan Printz of Illinois. It was the first place winner in the Daytona – Charger 500 class. At right is the Charger 500 of Ken Hawbecker, second place in the Daytona / 500 class.

Jim & Delma McCauley's survivor green Daytona was awarded third place in the Daytona / 500 class. Randy Heide of Morrison Illinois owns this super clean Alpine White Superbird. It's got a Six Pack with an automatic and buckets. Randy's Bird captured the first place trophy in the Superbird class at the show.

Rick Stanton of Fullerton California owns this maroon Talladega and tied for second place in the Aero Ford class. At right is the white Talladega of Larry Peterson of Overland Park Kansas, first place in the Aero Ford class.

What a Nice Group of Cars.

The response of the mixed Aero group from both the Monster Mopar show management and participants and those just passing by the display was very positive. The Mopar and Ford Aero group will repeat for 2009.

Plans are underway for the event which his September 24 through 27th. It will be a nice warm-up for Talladega the following month. Organizers Rich & Judy Bolzenius, Gene Lewis and Brent & Sherri Evans are planning out the event. Please see the events page in this issue for hotel information

The Many Lives of the Winston Cup Daytona

When King folded his team, the car was bought by Milt Lunda who was sponsoring Dave Marcis. It was converted from a Charger 500 to a Daytona for the first race at Talladega in 1969, but did not race. Marcis ran the car in 1970, and converted it back to a standard Charger for 1971.

After 1972, Marcis kept the car and made it available for NASCAR Late Model Sportsman racing. After an accident at Daytona in the mid 1970's it was retired.

In 1977, enthusiast Don Danielewicz of Milwaukee purchased the car from Marcis with the sheet metal repairs made and the car in primer. Don made the rounds of various USAC stock car shops and rounded up the Daytona parts needed to convert it back into a Daytona. The nose came from Don White. The car was shipped the car to Terry Nichels in Indiana, who converted it back into Daytona configuration as you see at right in 1978. The yellow paint on the wing is a Ford color.

Danielewicz advertised the car for sale for \$25,000 and after some time, sold it to a DSAC club member in Omaha Nebraska in 1980.

Several members have written in asking about the Daytona painted up in Winston Cup colors. Our friend Tony Mabe has sent in some photos of the car taken at the Winston Cup Museum in Winston-Salem North Carolina.

The car started out as a new Nichels built chassis, delivered to A.J. King Racing. Pete Hamilton drove it to NASCAR Rookie of the Year in 1969, shown here at Daytona.

By the late 1980's the car appeared in Richard Petty colors as a promotional car for Goody's Headache Powders. It remained a Goody's car for quite a few years.

In the late 1990's, the car was repainted into the Winston Cup Colors it wears today in the museum.

The photos below show the car as it is today. It still has the traditional Nichols style dash layout for a 1968 style car. It is powered by a race Hemi.

Some minor details like the window braces on the car are from the late 70's period when it was converted back to Daytona. But the car itself and chassis are one of the better original Grand National cars with good known history back from new. Our thanks go out to Tony Mabe for sending the photos of the car. We appreciate the contribution.

Walter Brunch 1922-2009

Here at DSAC headquarters, we are sad to report that we lost our next door neighbor of over fifty years, Mr. Walter Brunsch. Walter was a graphic artist from the old school before computers, and is responsible for creating the original DSAC club logos and artwork which we still use today. Walter was a real perfectionist, a genuine car enthusiast and friend of the club. We will sincerely miss him.

Old Pit Boards

Courtesy of John Craft comes this photo of old pit boards. I almost wet my pants when I saw them.

They have been donated to the new NASCAR Hall of Fame by the Wood Brothers team. Wow, what a bunch of history in those pit boards.

Historian Buz McKim heads up the Hall of Fame scheduled to open in 2010 in Charlotte North Carolina. Buz is a true historian of the sport, and you be assured the museum will be filled with more than just modern memorabilia. You can check out the progress of the Hall of Fame and their commemorative brick program at www.nascarhall.com

Talladega and Cyclone Spoiler Registry Book – Contains information on how to properly restore your Talladega, Cyclone Spoiler or Spoiler II as well as the story of the Aero Fords. Each Talladega serial number is documented and current owner and condition if known. Each Cyclone Spoiler and Spoiler II known to exist is listed as well as known Talladega and Spoiler II race cars. Also lists resources for restoration parts. \$30 postage paid.

Superbird Special Parts & Maintenance Schedule - This 44 page spiral bound book was the special owners manual mailed to the original owner of record by Chrysler. Includes separate cover letter of introduction from Chrysler. This book is a supplement to the 1970 Belvedere owners manual. \$15 postage paid.

Superbird Serial Number List - Contains 1,920 Superbird VIN numbers. This document does not list by VIN numerical order, but rather when each car was received by the Clairpointe sub-assembly plant (where noses and wings were installed) and when shipped out after installation. There have been a few cars reported that are not on this list. \$20 postage paid.

Superbird Dealer Brochure - There never was a consumer sales brochure on the 'Bird, but there was a four page black & white folder sent to each dealer introducing the car and special features. \$10. postage paid.
